# Fluoromodified propylene ester leveling agent

## RF-7377

### Features and advantages:

1. Excellent compatibility with varnish.
2. Good shrinkage resistance.
3. Excellent leveling speed.
4. Excellent long wave leveling to prevent orange peel phenomenon.
5. Improve the vividness and luster of the paint film.
6. Suitable for various coating systems.

### Product specifications:

appearance	Colorless transparent liquid
composition	Fluoro - modified acrylic polymer
Valid copy of	50%

**Application:** solvent based coatings

**Recommended dosage:** in the form of supply for total formula:  
0.1-0.6%

**Usage:** can be added at any time in the production process,  
please stir evenly, please test before use.

**Packing:** 25KG non-recycled blue plastic drum. The product is  
not completely used, the lid must be tightly closed after use.

---

**Storage:** keep away from heat and fire and keep away from light.
